Dear Rob Riggs,

This endorsement letter is a Thank You for all the work your team has done for our company.

After hearing your Info Minutes, it was apparent you were very knowledgeable in SEO, and how pieces such as web copy, design, blogs and social media impacted SEO. We decided to jump start our online marketing by using Google Ad Words. Your team was very helpful by asking us questions in "English" and then translating those answers to "Google". Every month we get a report that details all the results, and shows exactly what happened. Your team is very responsive in providing meetings that allow us to ask detailed questions, and have a better understanding of what is happening. As a young company, it is vital that we manage our marketing funds closely, and your team has allowed us to do that.

Recently we have been discussing other improvements such as web site design, and improving on organic SEO. I look forward to our continued relationship. I recommend for anyone that is looking to improve their online presence, to contact you.

Sincerely

Jay Hobdy
